

**Facebook: Post Sample**

Kroger is giving away \$1M to local charities! Help us get a piece of the pie by linking your Plus card to our organization today.

You can link your Kroger Plus card to our organization by presenting our barcode to the cashier the next time you check out. The cashier will scan your card and then the barcode to link you to our organization. Once the process is complete, you will be enrolled as a supporter for the remainder of the current program year! Every time you shop, a portion of your sale will be contributed to the Neighbor to Neighbor fund. We will be awarded a percentage of the \$1 million payout that reflects our number of qualifying purchases made within the program year.

To get a copy of our barcode, visit www.krogerneighbortoneighbor.com and search for us under the “find your organization” tab.
